

BROCKET HALL

Dear Lawrence

Please find below your testimonial.

The Brocket Hall Estate has been using Catercare since 2008. We have five fully functioning kitchens on site and rely on Catercare to keep all of our catering, dishwashing and refrigeration equipment in service and safe to use.

They have also advised us on, supply and installed most of the replacement equipment we have required over the last five years.

I would highly recommend them to any catering business.

Yours sincerely

Andrew Scott
Estates Facilities & Maintenance Manager
